(Successor to C. G. HILCHER & SON)

BAKE OVEN BUILDER

SOLE MANUFACTURER AND PROPRIETOR OF THE IMPROVED

CONTINUALLY BAKING BAKE OVEN

A long experience and very careful attention to business enables me to give complete satisfaction to all. This oven bakes with direct heat, and leaves each article with its own flavor, and it has no equal for Capacity, Economy, Durability and Excellence of Baking. It contains all the latest improvements, and cannot fail to satisfy. Estimates of the cost of new ovens, or the remodeling of old ones will be cheerfully furnished on request. Call on or address, **E. P. HILCHER, 192 Larrabee St., CHICAGO, ILL.**

THE BARAGWANATH

"STEAM JACKET" FEED WATER

BOILER AND PURIFIER

Boils and Purifies Feed Water by Exhaust Steam

OVER 6,000 IN USE

The only apparatus that delivers its Feed Water as hot as the exhaust steam. It reduces back pressure, saves boiler repairs, keeps the boiler clean, saves 20 to 40 per cent. in fuel.

The Most Durable. The Strongest and the Cheapest Apparatus in Use.

ECONOMY OF FUEL

The cuts represent the Dundon Patent Flame Jacket Boilers, vertical and horizontal, both of which have been practically proved to be the best steam generators, with the least expenditure of fuel, of any boiler yet produced. Suitable for any class of fuel, but better adapted for fluid fuel than any boiler yet introduced. But, while I would strongly recommend those in preference to any other boilers, I am prepared to give estimates for the construction of any class of boilers that my patrons may desire, and also for water or oil tanks of any form or capacity. Lard Tanks, Refining Kettles, and Improved Appliances for working Asphaltum and Bituminous Rock by Steam Heat.

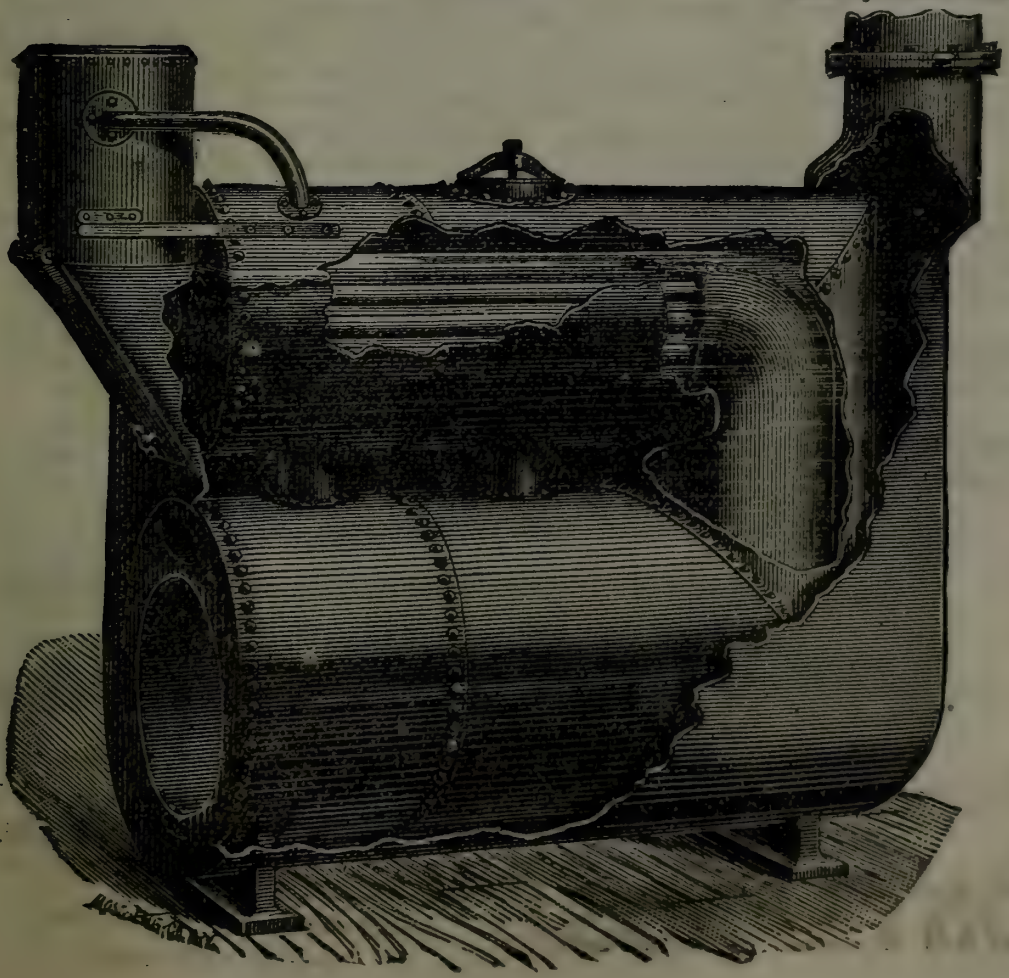

PLATE AND SHEET IRON WORK OF EVERY DESCRIPTION

AND ALSO IRON SHIP REPAIRS

Executed promptly and at reasonable rates. Repair Work of all kinds at reasonable rates, in city or country. Send for estimates on any kind of work in my line.

W. E. SHAW
MANUFACTURER OF
CARRIAGES AND LIGHT VEHICLES OF ALL KINDS
1621 Market St., bet. 12th and 13th, San Francisco.
Repairing Done **All Work Warranted**
SHAW'S IMPROVED VILLAGE CART is acknowledged by all who have ever used them to be unsurpassed for elegance in design and workmanship, and comfort to the rider. These Carts are manufactured from the very best of carefully selected material, and nothing is spared in their construction which will make them durable and handsome in appearance, as well as easy to the occupants. We claim for them that they are so evenly balanced that they are an easier riding Cart than any other in the market, there being no horse motion perceptible on the roughest road. They are also made with "Shaw's Improved Parlor Spring," which is so arranged that the upper side passes the lower, permitting the body to travel twelve inches up and down. The seat is upon a slide, and can be moved backward or forward, so that an even balance can always be had.
These Carts have taken First Prizes at both the Mechanics and State Fairs.

SAM. A. WIGGINS & CO'S.

CELEBRATED

"NIOBE LIQUID"

The Great Cloth-Cleaning Compound. The only article that removes Fresh Paint, Grease, Oil, Syrup, Beer or Wine Stains, etc., from Carpets and all kinds of Clothing, Upholstered Goods, Silks, Plush Goods and Coat Collars; leaving the goods soft, clean, free from marks or creases, and the dust will not stick to the cloth after cleaning. It is used very generally by all first-class Merchants, Tailors, Dress Makers, Families, etc. *Try "Niobe Liquid" to-day.* It is sold by all *First-Class Dealers*—20-oz. large bottle and sponge (as per cut), only $1.00 per bottle, or six for $5.00; 8-oz. bottles, 50 cents, six bottles, $2.50; or on receipt of prices will send to any address. Small bottles sold everywhere at 25 cents each. *Manufactured only by*

SAM. A. WIGGINS & CO., 119 Lake St., Chicago, Ill., U. S. A.

Sold by all Jobbers everywhere. Tailors send for Price List per Gallon.

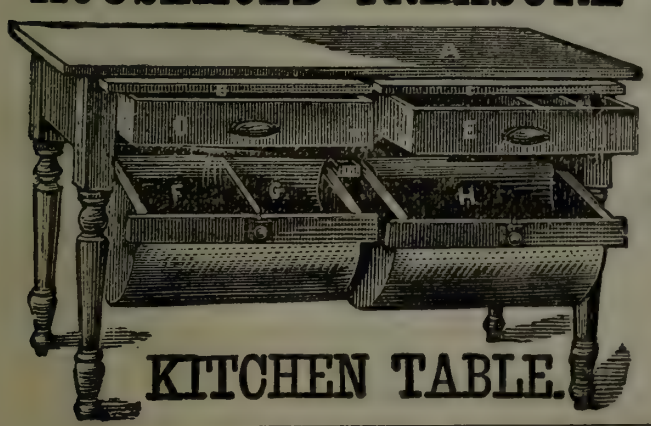
C. H. TOWNSEND'S PATENT
HOUSEHOLD TREASURE



KITCHEN TABLE.

EXPLANATION.

A—Top, 2 ft. 4 in by 4 ft. B—Kneading Board. C—Cutting Board, for cuttting bread and cold meats. D—Drawer for table linen. E—Drawer for rolling pin, spices, knives and forks. F and G—Mice and dust-proof drawer for meals, sugars, and such articles. H—Large convex drawer, holding 50 pounds of flour. ☞Thus you see this table is also a complete pantry.

It is useless to enumerate the merits of this table, as it is so universally known that no household is complete without one. They are now made with all of MR. TOWNSEND'S LATEST IMPROVEMENTS.

For Sale by all Furniture Dealers.

Lead, Oils, Putty, Colors, Etc.

LIQUID COTTAGE COLORS

Put up in Patent Cans ready for the brush. SIXTY-THREE shades, including all the most fashionable, besides Outside and Inside White.

The Best Mixed Paints manufactured. Guaranteed to give perfect satisfaction if properly applied. They are very thick and *heavy bodied*, and for work that does not require an extra heavy coat they can be thinned (with our Old Fashion Kettle-Boiled Linseed Oil) and still cover better than most of the Mixed Paints sold in the market, many of which have so little stock in them that they will not give a good, solid coat.

Their great superiority consists in the stock used, in the process adopted for grinding the White Lead and Colors, in the body of the Paints and in their density and covering properties. They have for their base the purest materials adapted for the purpose, viz: Perfectly pure CARBONATE White Lead (WE USE NO JOPLIN OR SUBLIMED LEAD), pure Oxide of Zinc, and "Old Fashioned Kettle-Boiled Oil" of our own manufacture and boiling, combining with them such other materials as will make a covering possessing elasticity, body, adhesiveness and smoothness of finish, working equally well on Wood, Brick, Stone or Iron.

"THE KING" TINTED PAINT

Ground to the consistency of White Lead in specially prepared pure Linseed Oil of our own manufacture, the color being ground with the white, and thereby thoroughly mixed and incorporated with it. FORTY-TWO shades, including all desirable tints, for latest styles of of house painting.

This Paint takes more Oil than White Lead, and by using our Heavy, Old Fashion Kettle-Boiled Oil, the lighter tints of this Paint can be thinned at the rate of ten gallons to the hundred pounds for first coat, and eight gallons to the hundred pounds for second coat; and we guarantee satisfactory results, viz: covering new work solidly with the two coats mixed as above. The *darker* shades will cover well if thinned twelve to fifteen gallons per hundred pounds.

Send for Books of Testimonials Regarding our Mixed and Tinted Paints.

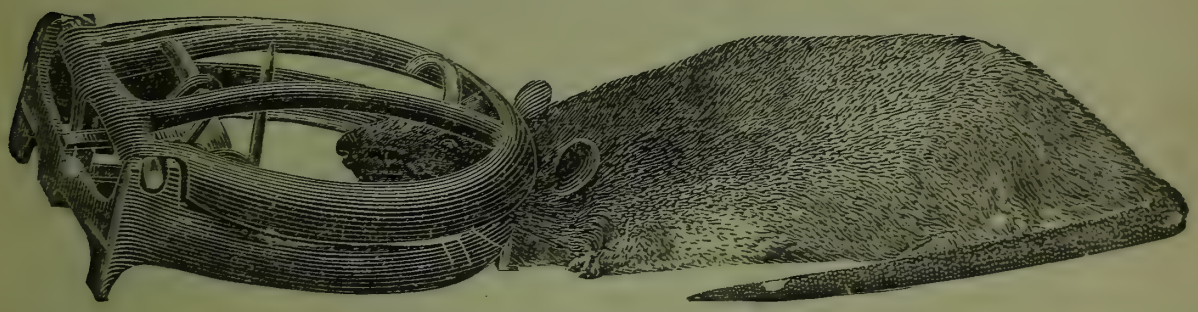
THE HORSE SHOE RAT TRAP

THE BEST IN THE WORLD



Its main point of excellence lies in its

SELF-SETTING ACTION

And in the decreased power of the jaw at the place of setting, which becomes augmentative and powerful at the closing point, the spring having a forcing power of 75 pounds. When the jaw is raised to remove a dead rat, the action resets the trap. The coiled brass spring and bait hook are strong and durable, and the trap will catch the largest rat. The rat cannot touch the bait without being caught and instantly killed.

Manufacturers and Importers of

HARNESS, SADDLES, SADDLERY HARDWARE, COLLARS

Whips, Robes and Horse Blankets. All kinds of Harness and Patent Leather.

Pacific Coast Agents for the SANFORD WHIP CO., WESTFIELD, MASS.

NOTICE.—We wish to call the attention of whip dealers to the fact that all our whips, from the very cheapest up, are made with the well-known **Olecameloid Waterproof Finish**, which makes them perfectly waterproof. It is well known by all whip dealers that the first part of a whip to give out is the loop that holds the snap. With our new patent fine braided and plated wire running inside the loop and a few inches down the whip, the loop becomes the strongest part of the whip.

Besides our great variety of Java and Whalebone whips, we have the well-known Bull Bone Whip, also, Big Run Rawhide-Center whips, and a fine assortment of English Hollies and Crop sticks.
